Looking Ahead – Interior

- New smoke evacuation doors will be installed near the ceiling in atrium-style rooms. When completed, the doors will automatically open in the case of excessive smoke.
- As mechanical system installation is completed, walls will start being framed on the East Wing's first and second floors.
- Plans are in place to work on the occupied sections of the West Wing and North Wing after session is over and tenants have moved out.

Looking Ahead – Exterior

- Scaffolding will be erected all the way around drum of the Capitol dome over the next four weeks.
- South façade: All windows have been removed on south façade except areas occupied by tenants. These will be removed after session.
